PROFILE SUMMARY

Results-driven Full-Stack Developer with proven expertise in HTML, CSS, JavaScript, Node.js, and React.js. Skilled at crafting dynamic, user-focused web applications that deliver exceptional user experiences across both front-end and back-end.

Demonstrated ability to write clean, scalable, and maintainable code while applying modern development practices and tools to solve complex challenges efficiently. Passionate about continuous learning and quickly adapting to emerging technologies.

Track record of consistently delivering high-quality solutions that drive business value and enhance user engagement. Explore my latest projects and contributions here: github.com/D-4-DIBAKAR.

SKILLS

- Languages:** JavaScript, TypeScript, Java, C++, C
- Front-End:** HTML, DOM, CSS, Tailwind, Material UI, Chakra UI, ReactJS, NextJS, Redux, Context API, Responsive / Mobile-first UI Design
- Back-End:** NodeJS, ExpressJS, RESTful APIs
- Databases:** MongoDB, Firebase, PostgreSQL, SQL
- Development:** Data Structures, Algorithms, OOP, MVC Architecture
- Version Control:** Git, GitHub
- Tools:** VS Code, Postman, Sublime Text, IntelliJ, Eclipse, LeetCode
- Soft Skills:** Communication, Teamwork, Problem Solving, Time Management, Self-Motivation, Agile/Scrum Collaboration

EXPERIENCE

Grant Thornton

Sector 16, Noida

Full Stack Developer Intern (MERN)

Feb 2025 – Present

- Developed and optimized scalable web applications using the MERN stack, improving performance and reducing load times by 20%.
- Implemented new features and resolved complex technical issues in collaboration with cross-functional teams, enhancing system efficiency.
- Designed and integrated RESTful APIs, streamlining data flow and reducing backend response time by 25%.
- Reviewed and refactored code to improve maintainability, reducing post-deployment issues by 10%.

SequelString AI

Remote

Full Stack Developer Intern (MERN)

Aug 2024 – Jan 2025

- Developed and maintained web applications using the MERN stack, ensuring optimal performance and user experience.
- Collaborated with cross-functional teams to implement new features and resolve technical challenges.
- Worked on API development and integration, improving backend efficiency and functionality.
- Gained hands-on experience with database management, authentication, and deployment processes.
- Participated in code reviews and provided constructive feedback to enhance overall code quality.

Bharat Intern

Remote

Full Stack Developer Intern

Jun 2023 – Nov 2023

- Gained hands-on experience with full-stack development through practical tasks and mentorship.
- Assisted senior developers with well-defined tasks within larger projects.
- Enhanced technical expertise in relevant technologies and frameworks.
- Project :** Weather Application.

PROJECTS

Polling API System | Nodejs, MongoDB, Expressjs, Postman | GitHub

May 2023 – Jun 2023

- Architected a dynamic Polling API, optimizing user opinion collection.
- Implemented RESTful principles for scalability.
- Developed features for precise feedback analysis.

Habit Tracker | Reactjs, Redux, React-router-dom, Tailwindcss | GitHub

Feb 2024 – Mar 2024

- React.js-based habit tracking app.
- Allows users to add and track daily habits.
- Provides daily motivational quotes.

Real Estate Web Application | Nodejs, ExpressJS, MongoDB, Firebase | GitHub

Sep 2023 – Oct 2023

- Built features like signup, sign in, and CRUD operations.
- Implemented pagination and real-time search.
- Created a visually engaging carousel.

EDUCATION

Indira Gandhi Institute of Technology (IGIT)

Dhenkanal, Odisha

Master of Computer Application (MCA)

Nov 2022 – May 2024

Udayanath College of Science & Technology

Cuttack, Odisha

Bachelor of Science in Computer Science

Jul 2019 – Aug 2021

CERTIFICATIONS

Java | DSA | Frontend | Backend | React.js | TypeScript

TRAINING

Coding Ninjas

Nov. 2021 – Aug 2023

Full Stack Developer
